Translation of a report and consolidated financial statements originally issued in Spanish - see Note 16 to the consolidated financial statements

COMPANIA DE MINAS BUENAVENTURA S.A.A. AND SUBSIDIARIES

Interim unaudited consolidated financial information as of June 30, 2006 and 2005 and for the three and six-month periods then ended

Report of Independent Auditors

To the Shareholders of Compania de Minas Buenaventura S.A.A.

1. We have reviewed the accompanying consolidated balance sheet of Compania de Minas Buenaventura S.A.A. (a Peruvian company) and subsidiaries as of June 30, 2006, the consolidated statements of income and cash flows for the three-month and six-month periods ended June 30, 2006 and 2005 and the consolidated statements of changes in shareholders' equity for the six-months periods then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these consolidated financial statements based on our review.

2. The financial statements of Minera Yanacocha S.R.L. (an equity accounted affiliated entity in which the Company has a 43.65 percent interest through its subsidiary Compania Minera Condesa S.A.) and of Sociedad Minera Cerro Verde S.A.A. (an equity accounted affiliated entity in which the Company has an 18.50 and 18.214 percent interest as of June 30, 2006 and 2005, respectively), as of June 30, 2006 and 2005 and for the six-month periods then ended, have been reviewed by other auditors, whose reports have been furnished to us. In the consolidated financial statements of the Company, the Company's investment and share of the net income in Minera Yanacocha S.R.L. and Sociedad Minera Cerro Verde S.A.A., resulting from the application of the equity method of accounting, amount to S/2,518.9 million as of June 30, 2006 (S/1,718.4 million as of June 30, 2005) and to S/681.4 million for the six-month period then ended (S/318.8 million for the six-month period ended June 30, 2005), respectively.

3. We conducted our review in accordance with applicable auditing standards in Peru for interim reviews. Those standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquire of company personnel and analytical procedures applied to consolidated financial data and thus provide less assurance than an audit. We have not performed an audit and, accordingly, we do not express such an opinion.

4. Based on our review and on the limited reports of the auditors of Minera Yanacocha S.R.L. and Sociedad Minera Cerro Verde S.A.A., we are not aware of any material modification that should be made to the accompanying consolidated financial statements referred above to be in conformity with generally accepted accounting principles in Peru.

Report of Independent Auditors (continued)

5. We have previously audited, in accordance with generally accepted auditing standards in Peru, the accompanying consolidated balance sheet of Compania de Minas Buenaventura S.A.A. and subsidiaries as of December 31, 2005, and the related consolidated statements of income, changes in shareholders' equity and cash flows for the year then ended. Our report dated February 17, 2006 expressed an unqualified opinion on those consolidated financial statements.

Compania de Minas Buenaventura S.A.A. and subsidiaries

Notes to the Consolidated Financial Statements (unaudited)
As of June 30, 2005 and 2006

1. Business activity

Compania de Minas Buenaventura S.A.A. (hereafter "Buenaventura" or "the Company") is a public company incorporated in 1953. It is engaged in the exploration (individually and in association with third parties), extraction, concentration and commercialization of polymetallic ores. The main activities are presented in the note 2.

2. Interim unaudited consolidated financial statements

Presentation Basis -

The accompanying interim consolidated financial statements for the three-month and six-month periods ended June 30, 2006 have been prepared in conformity with IAS 34 "Interim Financial Reporting".

The interim consolidated financial statements do not include all the information and disclosures required in the Company's annual consolidated financial statements and should be read together with the consolidated financial statements as of December 31, 2005.

Significant accounting principles and practices -

(a) The criteria and accounting basis used by Buenaventura and its subsidiaries in preparing the accompanying interim consolidated financial statements, are similar to those used in the preparation of the Company's annual consolidated financial statements, except for the adoption of the International Accounting Standards (IAS) revised and the new International Financial Reporting Standards (IFRS), effective in Peru since January 1st, 2006. The effect of the adoption of those standards is shown below:

- IAS 1, 10, 16, 17, 24, 27, 32, 33, 39 (all revised in 2003), IAS 39 (revised in 2004) and IFRS 3, 4, 5 and 6 have not had a significant effect in the Company's accounting policies.
- IFRS 1 (revised in 2003) has mainly affected the presentation of the minority interest as part of the shareholders' equity, net.

- In order to comply with IFRS 2 "Share-Based Payment", the Company has recorded the fair value of the stock appreciation rights in the caption "Other current liabilities". Until December 31, 2005, such compensation was recorded at its intrinsic value. The effect of the adoption of IFRS 2 would not be significant to the consolidated financial statements as of June 30, 2006.
- In order to comply with IAS 8 "Net Profit or Loss for the Period, Fundamental Errors and Changes in Accounting Policies" (revised in 2003), the Company had given retroactive effect to the change in the accounting principle related to the deferred stripping costs as of June 1st, 2005 (see note 3(b) of the 2005 consolidated audited report).
- In order to comply with IAS 28 "Accounting for Investments in Associates" (modified in 2003), when an investment in an associate no longer meets the criteria to be recorded at its fair value, it should be recorded using the equity method with retroactive effects. The financial statements of prior years should be modified conveniently. Therefore, the investment in Cerro Verde has been recorded using the equity method with retroactive effects.
- Through Resolution N(degree) 038-2005-EF/93.01 of February 3, 2006, Peruvian Accounting Standards Board (CNC in Spanish) approved to suspend until December 31, 2006, the mandatory application of the IAS 21 "Effect of the Variations in the Exchange Rates of Foreign Currencies" (revised in 2003), related to the identification and use of a functional currency. Currently, the Company's management is evaluating the indicators that allow the determination of which currency should be used in the financial statements presentation.

- (b) International Financial Reporting Standards recently issued - IFRS 7 - Financial Instruments: Disclosures - This standard has the purpose to provide the sufficient disclosures in the notes to the consolidated financial statements, which allow the users to evaluate the impact that the financial instruments have in the Company's financial position and performance, to understand the nature and scope of the Company's risks as a holder of this financial instruments and how Management controls these risks. This standard is in force for the annual periods beginning after January 1st, 2007 and replaces the disclosures required by IAS 32.

Reclassifications -

The Company did not make significant reclassifications to its interim consolidated financial statements for the three-month and six-month periods ended June 30, 2006 and 2005.
