Messrs.

Superintendence of Capital Markets

Ref.: Statement regarding alleged tax debt.

Dear Sirs:

As required by Section 6 of the Regulation on Material and Reserved Information, approved by means of Resolution SMV No. 005-2014-SMV/01, Compañía de Minas Buenaventura S.A.A. ("Buenaventura" or the "Company") wishes to make the following clarifications in respect of certain recent news reports regarding the existence of alleged tax debts owed by the Company.

1. Buenaventura rigorously complies with the payment of its taxes on a timely basis and rejects the unfounded claims that indicate that the Company has tax debts which are past due in an amount in excess of two billion Soles. As disclosed in the Company's public filings, there are ongoing proceedings before the Peruvian Tax Courts and the Judicial Branch relating to a claim made by the National Customs and Tax Administration Superintendence (*Superintendencia Nacional de Aduanas y de Administración Tributaria* or "SUNAT") against the Company.
2. The tax dispute in question arose after Buenaventura modified the way in which it sold gold to its clients, shifting from a fixed price to a variable price scheme, during the years 2007 and 2008. In order to do so, the Company incurred in significant expenses that had an effect on the Company's financial results and, therefore, also impacted the income tax payable by the Company for those fiscal years. However, in subsequent years, the change in pricing scheme was beneficial to Buenaventura's financial results, which in turn resulted on the payment of higher income taxes, representing higher tax revenues for SUNAT.
3. Despite such increase in tax revenue, SUNAT's position is that the Company should disregard the cost it incurred to shift between price schemes for purposes of calculating and paying income tax for the 2007-2008 period. It is worth highlighting that, initially, the claim amounted to 373 million Soles, that, according to SUNAT, now amount to 2,083 million Soles after factoring-in penalties and accrued interest.

4. Buenaventura would like to point out that its income tax payments were made in compliance with applicable tax laws, and therefore SUNAT's attempt to impose new obligations or to apply ex post facto regulations to create an alleged past debt is not only an error, but also a disincentive for mining investments that are one of the drivers of our economy and already require companies to assume significant international market risks.
5. On the basis of the above, Buenaventura emphatically refutes any allegations that it has committed the reported tax offenses and calls for a transparent and responsible management of information that will favor Peru's stability.
6. Buenaventura reaffirms its commitment to continue to contribute to Peru' growth by means of its investments across eight different regions, the generation of 12 thousand job positions and the development of formal and responsible mining.

Your faithfully,

Pedro Torres Torres
